

Allowable Items-Inmate Religious Property Individual Possession

Inmates are allowed to keep the following items in their housing area. Religious items which become part of an inmate's personal property are subject to considerations of safety and security. If necessary, their religious significance shall be verified by the agency chaplain. Religious property will only be used in accordance with the verifiable religious practice. The religious groups listed with each item are examples of the religions that use the item and are not intended to exclude the use of these items by other religions not listed. Since the Oklahoma Department of Corrections maintains a neutral position relative to all religious beliefs, this list does not reflect an endorsement, recognition or approval of any religion.
